This index is the key to reference material published in *The Architects' Journal* and *AJ Focus* during 1993. There are two alphabetical listings. The Architects Index gives those architects and designers whose work has been illustrated, listing them either by the surname of the individual or by the practice name. The Subject Index gives places, subjects and individuals covered in Briefing (B), Building studies (BS), Cecil (C), Case studies (CS), Construction studies (ConS), Demolition studies (DS), Interiors (I), Interiors studies (IS), My page, Perspective, Practice (P), Profile (Pro), Special reports (SR), Technical (T), Technical & Practice (T&P), Working details (WD), AJ Focus Insight, Theme (Th) and Focus Extra (FE). Where articles have been preclassified by C/ISfB, these references have been given.
